

## Beautiful is Eternal.

Things can change at any moment. Find the certainty that comes from everlasting elegance when you own an Aston Martin.

## We're keeping our prices steady for 60 days with the Aston Martin Price Lockdown.

In our latest offering all new cars will be priced the same as they were prior to the drastic shift in the exchange rate.

What you need to know about our exclusive offer:

- Aston Martin UK and Daytona are committed to remaining one of the most competitively priced sports cars in South Africa.
- Pricing on all new cars and new car orders will remain at the exchange rate levels prior to the pandemic until 31 May 2020.
- Purchases made during this period will naturally attract a stronger resale value in the long term.
- There is no risk of currency or price increases during this period.
- You are guaranteed future value on all purchases made before 31 May 2020.

This is the ideal time to buy an Aston Martin. Not only does it offer you the best hedge against the depreciating rand, but we offer the lowest pricing for a new Aston Martin.

This offer is available on all Aston Martin models - Vantage, DBS, DB11 and DBX with finance options and trade ins welcome.
